QUARANTINED

Where things stand

Structure	grouped by purpose, then tune — Starsign Originals, Starsign Covers, Starsign WIP, Other Projects
The live file	each tune's CODE – Title.starscore, at the top of its folder. Older MuseScore files live in MuseScore Files/.
Drop zone	9 Inbox — filed whenever StarScore runs the folder organization
Templates	0 real templates kept in 6 Templates
Quarantine	0 byte-identical copies of an empty MuseScore template
Deletions	none, ever — superseded files go to Version History/ or Deprecated/

What is in each tune folder

1 of 1 tune folders have their StarScore file.

GROUP	TUNE	CODE	STARSCORE	MUESCORE FILES	VERSION HISTORY	DEPRECATED
Starsign Originals	Test Song	TEST	✓	—	—	—

Session log

2026-10-01

REBUILT EVERYTHING

- **Retired** — The two-way sync of the split MuseScore files and the rest of the Python toolkit moved to .organizer/Deprecated/. Each tune's .starscore is the live file; StarScore Studio keeps this folder in order.
- **All Recordings** — Rebuilt from the latest recordings.
